Elite Member Agreement

Based on the selected membership type, members are entitled to the benefits stated on the membership benefits form. Members shall abide by all facility rules at all times. Violation of any facility rules and policies may result in revocation of membership privileges. A fee of \$25 will be assessed for each declined transaction. A additional late fee or \$25 will be assessed for payment not made within 10 days of due date for any reason including a declined credit card. ***Membership cancellation requires written notice. Early termination of an annual membership requires 30 days written notice and will result in a \$395 penalty fee for early cancellation (prior to payment of 12 consecutive and active months). Any prorated charges due to complete the 30 day period from receipt of written cancellation will be charged on or after the date of receipt of written cancellation. Memberships paid monthly will automatically convert to a month to month membership at the current month to month rate following completion of the 3 month minimum or 12 month annual commitment. The membership will remain active and billing indefinitely until a new agreement is completed, received and executed by TPC or until written cancellation notice is received. Annual memberships paid in full are non-refundable. A temporary hold may be placed on the membership only in the case of injury with written documentation from the member's physician requiring a cessation of specific activity. A fee of \$19/mo will be assessed during the time of the hold. Upon return to active status, the membership will resume at the membership rate at the time of return and will be in effect through the number of remaining months to complete a full 12 month active period. To renew at the discounted annual rate, members must complete a new membership agreement form. Receipt of written cancellation of a month to month membership following the 3 month minimum will terminate the membership as of the final day of that month's billing cycle. No portion of a charge already made will be refunded and no further membership charges will be made. Month to Month memberships will automatically renew each month until terminated.*** Membership benefits will terminate as of the final day of the current billing cycle. The member will be responsible to pay the difference for any events scheduled and paid for at the discounted member rate following the date of cancellation. The undersigned agrees to all terms and conditions set forth in this agreement as well as the liability release form.
